

# Washington State Crime Prevention Association Presents Crime Prevention Through Environmental Design (CPTED) Certification Course

May 12-14, 2026, 8am – 5pm | Ellensburg, WA

Crime Prevention Through Environmental Design (CPTED) is a proactive approach to security that enhances safety by strategically shaping the built environment. Instead of relying solely on traditional security measures, CPTED focuses on designing spaces that naturally deter criminal behavior while promoting positive interactions and a sense of community.
